Catherine's TERRIFYING COLLAPSE!

Zeta-Jones' meltdown as her marriage & career hit rock bottom

THIS dazed street person is Oscar-winning actress Catherine Zeta-Jones – caught having a devastating emotional breakdown in eye-popping exclusive photos!

The shocking sight now has her superstar husband, Michael Douglas, trying to save both his marriage and his wife – just two years after Catherine fled to a mental health facility to treat her bipolar disorder!

“Catherine looked haggard and miser-

able,” said a concerned spywitness who found the “Chicago” star slumped on a filthy Manhattan staircase.

“She appeared at the end of her rope, and is clearly battling a lot of issues!”

Only a week after The National ENQUIRER caught Catherine’s sad display on June 10, the actress, 45, was accompanying Michael and their children – Dylan, 14, and Carys, 12 – on a trip to Israel.

“Michael had to insist she come along,” revealed an insider.

“He said it would be good for Catherine to get away from New York – but Michael was really worried about leaving her on her own. He’s terrified that she’ll start mixing her psychiatric meds with her cocktails!”

Catherine committed herself for psychiatric treatment in April 2013, as The ENQUIRER first revealed. At the time, the high-profile Hollywood couple was in the midst of a marriage meltdown.

“Michael’s really worried about her,”

explained the source. “She has reactions from her meds, and issues with keeping her anger in check. She flies off the handle at the smallest thing.

“Catherine’s unhappy in her showbiz career, too. She hasn’t had a big movie since ‘Chicago’ back in 2002. She’s really shattered over no one offering her big movie roles!”

The ENQUIRER has confirmed she hasn’t appeared in a movie since “Red 2” in 2013.

That all puts an added strain on Michael, 25 years her senior, and who has also faced his own medical crisis as a tongue cancer survivor.

“He cares for the kids to take the stress off her,” revealed the friend, “but Catherine’s in a funk that she can’t escape from.”

The pal added: “The marriage continues to hang precariously between the two, and there’s no telling when Michael will say enough is enough.

“It’s clear that Catherine needs to get her act together. These photos are the least of it!”

WHILE Catherine was at crisis point [left], Michael was enjoying a day at the grand prix – looking like he did not have a care in the world, snapped [right] smiling in pit lane!

The 70-year-old film star was in Montreal for the Canadian Formula One Grand Prix, where he was spied chatting up sexy sports announcer Tanja Bauer.

KIDMAN KISSING? WATTS UP WITH THAT!

AUSSIE hotties Nicole Kidman and Naomi Watts showered each other with affection at the Women in Film Crystal + Lucy Awards ceremony ... while wearing shower caps? All because Nicole confessed an early-career regret: As an insecure and nervous 14-year-old, she turned down a role in a Jane Campion film because it would have

required her to wear a shower cap and kiss a woman. She said today she knows better. That was enough to lure her best pal Naomi onto the stage, where the two locked lips for a belated audition. No word on whether she got the part, but they sure got an ovation!

a cross-country trip

CALISTA Flockhart's marriage to husband Harrison Ford could have finally reached the breaking point, The National ENQUIRER has exclusively learned.

In a remarkable spurn, the former "Ally McBeal" actress, 50, flew home to the Midwest with their son, Liam, on the eve of their fifth wedding anniversary – and her abrupt move could plunge the couple into a whopping \$224 million divorce!

The ENQUIRER has confirmed Calista and Liam, 14, boarded Harrison's Cessna Citation Sovereign twin-engine jet in Santa Monica on June 13 while the actor stayed behind.

Calista was all business as she boarded June 13

"Calista apparently was going to visit family, but the fact that she left on their wedding anniversary placed a lot of strain on the already strained relationship," dished an insider.

WALKS OUT SON!

Calista and son flew from Santa Monica to Tennessee to Iowa ... all without Harrison

Harrison's small plane crashed at a golf course March 5

sary – their fifth – and their first since Harrison was nearly killed in his recent plane crash. But Calista decided to leave town THAT day!”

The plane made a stop in Tennessee, and then landed in Dubuque, Iowa, flight records revealed.

Said an eyewitness: “Calista rarely goes on personal trips without her husband by her side, and she did not look happy as she boarded the plane!”

THE COUPLE has been feuding since the “Star Wars” icon’s devastating plane ac-

cident March 5, insiders divulged.

“The crash took a serious toll on both of them,” said one source.

When Harrison was taken to the emergency room after crash-landing his plane on a golf course in Venice, Calif., Calista rushed to his side.

She stayed with her 72-year-old husband while he was treated for his injuries, which included a deep scalp laceration and a broken pelvis.

“Calista spent most of that weekend by Harrison’s side,” a source told a reporter. “She arrived early every morning

and returned home late every night. She was under stress.”

As The ENQUIRER reported on March 23, veteran fly-boy Harrison faced an “ultimatum” from the actress to stop flying for the sake of her adopted son.

“Calista is thankful that Harrison survived, but she was ready to tell him, ‘Your flying days are over!’” revealed the insider.

But just months later, The ENQUIRER reported that a frail Harrison defied Calista’s plea to stay grounded!

“She was unhappy and stressed over his recent injuries,” said a pal of the actor. “She’d put her foot down. She didn’t want him to fly!”

Undeterred, Harrison – sporting wounds from the crash – ignored his wife and took off in his private helicopter on May 28.

Friends were worried at the time that Harrison was send-

ing his marriage into a tailspin!

“Harrison is stubborn and set in his ways now,” said a pal. “He loves to fly and he wouldn’t give it up for anyone, including Calista.”

ALTHOUGH Calista’s rep insisted to The ENQUIRER that she “supported” Harrison’s hobby, the actress had sworn to a close pal: “He wants to get back up there, but he’ll do it over my dead body!”

Now, friends fear the veteran actor is killing his marriage in the process.

After two failed marriages, Harrison vowed he’d never wed again. But all that changed on Valentine’s Day 2009 when he proposed to longtime love Calista to make then-8-year-old Liam happy.

Added the source: “Now everyone believes that if Harrison and Calista don’t patch things up, the two of them will end up in divorce court soon.”

ROSIE FAILS DRUG TEST!

ROSIE O'Donnell faces the REAL prospect of losing custody of her youngest child after a court discovered she's a pot-head, The National ENQUIRER has exclusively learned.

In a dramatic development in Rosie's \$100 million divorce from ex Michelle Rounds, the former star of "The View" "flipped out" when she failed a drug test, a top informant revealed.

"Some weeks ago, Rosie's side put out false word to the media that there would be no drug testing as Michelle had demanded," the insider told The ENQUIRER.

"But a test was conducted using a hair follicle, and it came back positive for drugs. When Rosie found out, she was furious!

"She's been trying to hide her drug use for a long time, and she didn't realize that marijuana stays in your system for a number of months."

The sensational disclosure was expected to "blow up" 53-year-old Rosie's next court appearance, scheduled for June 24, the source added.

"Based on the drug test, Rosie knows she'll almost certainly have to go through other testing, including medical and psychological exams," said the source.

"It could blow up her chances of getting custody!"

The brash comedian married Michelle in June 2012. They adopted daughter Dakota, now 2, in January 2013.

In another twist to the divorce saga, Rosie has moved back to Nyack, N.Y., to "spy" on Michelle, said the source.

"Rosie's still obsessed with Michelle," said the source.

"All Michelle wants is to be a full-time mother to Dakota, and raise her in a happy and healthy environment.

"That's something she believes Rosie - in her drugged state - can't provide."

BELOVED "Eight Is Enough" dad Dick Van Patten is losing a brave battle with cancer, The National ENQUIRER has learned.

The 86-year-old TV icon has been living out his final days in a L.A. hospital surrounded by family and friends, sources told The ENQUIRER.

"Sadly, it's the end!" an insider said.

"Not only was Dick well-liked and admired by his TV family, but in real life he was an outstanding husband and father. For him, it was always about family."

The actor - who played widower Tom Bradford on the popular sitcom from 1977 to 1981 - underwent surgery earlier this year, the source said.

"But he began fading in May, and has recently spent nearly a month in the hospital. He's been a real fighter to the end," the source added.

DICK'S CANCER BATTLE follows a string of severe health woes, including a diabetic stroke in 2006 that left him temporarily paralyzed. At the time, he told The ENQUIRER he was in so much pain he was planning a trip to Germany for experimental stem cell treatments.

But he canceled at the last minute after doctors told him he was improving.

In classic Dick style, he joked to The ENQUIRER: "Besides, I didn't want to miss the track season at Del Mar!"

Two years later, he had an eight-hour aortic valve replacement operation, and in 2009, a cancerous growth was removed from the top of his head.

A quarter-sized lump to the left of his chin and a number of other bumps along his hairline alarmed fans in 2013.

But Dick insisted to The ENQUIRER: "I've had skin cancer, but it's alright. I'm doing fine."

Dick has enjoyed one of Hollywood's longest and happiest marriages. He wed lovely wife Pat in 1954, and the couple raised three sons, all of them actors – Vincent, Nels and Jimmy.

In one of the last photos of Dick, The ENQUIRER caught the popular star out in Malibu on a sun-kissed day in January.

Added the source: "Fittingly, Dick was surrounded by family."

MIXED FATES OF THE GREAT 'EIGHT'

THE Bradford clan of "Eight Is Enough" was the perfect prime time family from 1977 to 1981. But some of the actors have had less than perfect lives.

Susan, 63, lives in a run-down trailer in Pennsylvania, surviving on a \$2,000 monthly pension.

■ **BETTY BUCKLEY (ABBY)**

■ **LANI O'GRADY (MARY)**
The oldest Bradford daughter died of a drug overdose at just 46 in 2001.

■ **DIANNE KAY (NANCY)**
After "Eight," the "beautiful" sister sporadically acted until the 1990s.

The strapping eldest son later starred on "Dynasty" and "Northern Exposure." At 62, he's doing commercials and voiceover work.

■ **CONNIE NEEDHAM (ELIZABETH)**
The youngest daughter was a dancer who later starred on "Fame." At 55, she's an L.A. dance instructor.

NEW NIGHTMARE FOR SCOTT AS WIFE FIGHTS BRAIN TUMOR

A DOUBLE tragedy has struck reformed "Happy Days" wild man Scott Baio after his wife was diagnosed with a brain tumor.

Scott, 54, was heartbroken when his 7-year-old daughter, Bailey DeLuca, once tested positive for a rare metabolic disorder known as glutaric

acidemia type 1.

Doctors later declared Bailey free of the disorder.

But in a cruel twist of fate, Scott announced his beloved spouse's battle on June 18.

"Just a few days ago, we learned my wife, Renee, has a meningioma brain tumor," Scott wrote on social media.

Said a source: "Scott was devastated ... first, he went through the agony of believing his daughter could die, and now this."

The "Charles in Charge" actor changed his partying ways for Renee on the 2007 reality show, "Scott Baio Is 45 ... and Single."

"My wife is my rock," said Scott. "She refuses to even shed one tear, nor will she question God's will."

The insider told The ENQUIRER: "Scott's a strong man. He'll handle whatever happens, no matter how tough it is!" **NE**

Winfrey tops celebrity targets of psycho who fled prison

IN A chilling twist to the so-called “Shawshank” prison escape saga, The National ENQUIRER has learned one of the crazed killers secretly drew up a “Hollywood Hit List!”

Richard Matt – whose breakout from an upstate New York jail with a fellow inmate has been compared to the 1994 drama, “The Shawshank Redemption” – has long been obsessed with such stars as Angelina Jolie, Oprah Winfrey and Julia Roberts, a bombshell ENQUIRER news probe has uncovered.

Richard Matt murdered his boss in 1997 and received a sentence of 25 years to life

ESCAPE KILLER CRAVING LUST FOR OPRAH

SWAYZE FEUD EXPLODES as wife sells Patrick's

THE widow of “Dirty Dancing” heart-throb Patrick Swayze has sold his beloved California ranch, despite his grieving family’s attempt to turn it into a museum for the actor, the National ENQUIRER has exclusively learned.

Lisa Niemi’s decision to sell the home – affectionately called “Rancho Bizarro” – drove a dagger into the hearts of Patrick’s surviving family!

“It’s a slap in the face to Patrick’s fans,” said a family insider.

“And to not even give the Swayze family

anything is just cold-hearted!”

Lisa sold the 1948 ranch in Sylmar for \$2.9 million to philanthropist Aileen Getty, the granddaughter of oil baron Jean Paul Getty.

But an alarmed family member who learned of the impending sale contacted Lisa in a desperate attempt to purchase the ranch and turn it into a museum for the actor’s many fans.

Lisa chose to ignore the proposal, the source told The ENQUIRER.

Patrick’s niece Danielle Swayze is

PED ER'S ZED FOR RAH!

"If he's not captured, there's no telling what this guy could do," a law enforcement source confided.

"It's possible he could even make his way to Hollywood and act on his lust for these stars!"

THE CONVICTED killer's fascination with the stars, along with politicians Hillary and Bill Clinton and even President Barack Obama, emerged when a former fellow inmate revealed Matt sent him 10 paintings depicting the famous faces.

"There's some humanity in Richard Matt," said John Mulligan, 62, who served time with 48-year-old Matt at the Clinton Correctional Facility.

"There's a dark side, and that's what the public is portraying, but there's also a very human side to Richard Matt."

Mulligan was jailed after a 2007 bank robbery, and was released in late 2011, according to the New York State Department of Corrections.

After his release, Mulligan sent food packages to Matt, who wrote benign notes on some of his paintings, including one that read: "She changed so many lives. Thank you, Oprah."

But it's the escaped con's

"dark side" that concerns authorities.

"Some officials feel Matt may have become obsessed with these stars and might do them harm," the source told The ENQUIRER.

MATT WAS SERVING 25 years to life for kidnapping and beating a man to death in 1997. Fellow escapee David Sweat, 34, was serving a life sentence after being convicted of killing a county sheriff's deputy in 2002.

Sweat and Matt made headlines when they escaped on June 6, using power tools to drill through the back of their adjacent cells and cut through a metal steam pipe that they used to get outside the prison.

A 51-year-old female prison employee, Joyce Mitchell, was arrested after officials suspected she provided tools to the men. Mitchell, who is married, had a sexual relationship with both inmates.

As an 800-officer strong manhunt costing \$1 million a day continued, the source warned: "If Matt makes it to California, these stars ought to be on guard!"

heartbroken over the sale of the 4.5-acre ranch, where she lived with her father, Don, as the actor's brother cared for Patrick through his final year battling pancreatic cancer.

"Lisa's sold everything - including the Mercedes that [Patrick] bought her from [his salary for] 'Road House,'" a disgusted Danielle told The ENQUIRER.

"I don't know how much more money she needs," she added, referring to Lisa's 2014 marriage to jeweler Albert DePrisco. "She did marry a billionaire, after all!"

The California estate

Patrick's family inherited nothing after the actor's death. That led to a family feud after The ENQUIRER revealed Patrick's signature on his final will - signed two months before he died - was allegedly forged!

The will left the star's entire \$40 million

estate to his 59-year-old wife of 34 years - who quickly expelled Patrick's relatives from his properties and blocked them from keeping personal mementos.

Aileen's lawyer, John Ladner, told The ENQUIRER they were aware the ranch belonged to Patrick. "We did not know that there was an attempt to make it historical or a museum," he said sympathetically.

When asked if Aileen would be interested in turning the property into a Patrick Swayze museum, he responded: "She's not really looking for new commitments at the moment." **NE**

NOTHING seemed out of the ordinary as the weekly Bible study group convened in the basement hall of the historic Emanuel A.M.E. Church in Charleston, S.C.

But, as The National ENQUIRER can now reveal in this special report, all that changed when a skinny young man with a bowl haircut joined the group – setting the stage for the racially motivated, cold-blooded massacre of nine innocent people.

Rev. Clementa Pinckney was about to begin the regular 8 p.m. Wednesday session on June 17, when the stranger in a gray sweatshirt walked in. The man was unknown to the others in this predominately black neighborhood, and Rev. Pinckney said he could sit next to him, “being the nice, kind, welcoming person that he is,” a relative said.

About an hour later, the true intentions of 21-year-old Dylann Storm Roof became clear. He began disagreeing with the others in the room, but no one expected what came next.

Roof coldly whipped out a

.45-caliber Glock pistol – a \$300 weapon he legally obtained in April.

Then, according to witnesses, Roof said, “I have to do it!” He then began unleashing a hail of bullets.

The horror lasted for upwards of two minutes as the crazed assassin reloaded his gun at least five times!

“You’ve raped our women and you are taking over the country!” Roof told 26-year-old Tywanza Sanders.

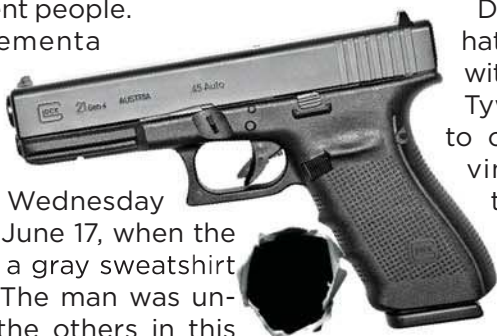

Despite his hateful words, witnesses said Tywanza tried to calmly convince Roof to stop the carnage.

Then the courageous barber with a brilliant smile stood in front of the madman’s weapon in a bid to protect his aunt, 87-year-old Susie Jackson.

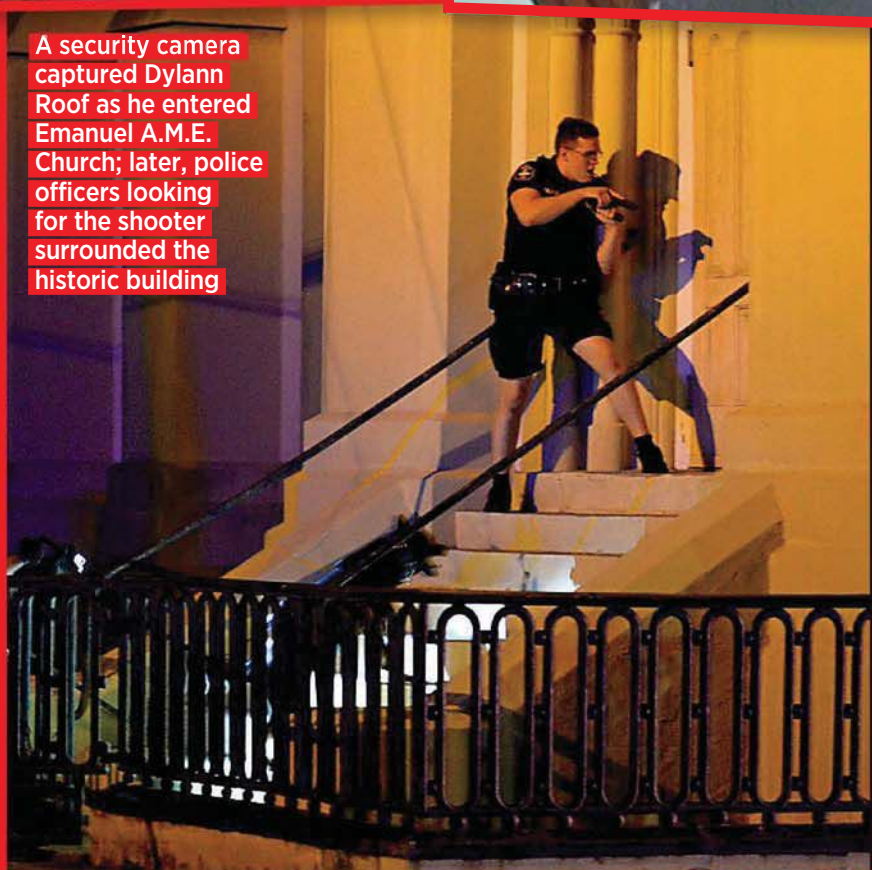

Ignoring Tywanza’s pleas, Roof replied: “It doesn’t matter. I’m going to shoot all of you,” according to Tywanza’s aunt, Kristen Washington, who heard the account from a survivor.

Gutsy Tywanza dove in

Said a family friend: "Barbra brings Sammie - who she calls 'the daughter I never had' - everywhere, and it drives James crazy because the little dog is very protective of Barbra, even growling at James when he gets too close. It's a hard way to live around their house, and just one more sore

ROBIN WILLIAMS **MURDER** BOMBSHELL!

■ Paranoid star may have been **DRUGGED**, then killed

■ He displayed **NO SIGNS** of suicide before his death

AN exhaustive National ENQUIRER investigation into the secret police files on the death of comic legend Robin Williams has uncovered compelling evidence the actor did not commit suicide, but was in fact murdered in his own home!

That's what top experts believe could have **REALLY** caused the Oscar winner's sudden death on August 11, 2014, at his Tiburon, Calif. home.

Though the Marin County coroner ruled it a suicide by hanging, The ENQUIRER obtained the cops' investigative documents under Freedom Of Information law.

We commissioned Dan Hanks, a former paid technical advisor to the Marin County Sheriff, to analyze the case.

His stunning conclusion: There are a slew of baffling questions!

"I believe the coroner's office and their investigators didn't go far enough, for whatever reason, in their probe," Dan told The ENQUIRER in a world exclusive interview.

"It seems the coroner was ready to close the case, and didn't want to look at any alternate theories of what might have happened."

In addition to one of those theories - the strong possibility Robin, 63, could have been ambushed during a robbery - these are among the key issues that Dan and other experts believe should have been explored further before the sensational rush to judgment:

THE **UNANSWERED** QUESTIONS

ROBIN WAS DRUGGED... AND THEN KILLED!

At the time of his death, the “Good Will Hunting” star was prescribed a cocktail of potent medications with potentially fatal side effects, and the drugs could easily have been manipulated to make him black out. Then, when Robin was unconscious, his body could have been set up to look as if he’d committed suicide.

THE MYSTERIOUSLY LOCKED DOOR

In another troubling conclusion, the coroner noted that the door to the bedroom where Robin’s body was found was locked from the inside.

“But the report also noted that the door had a push-button lock that anyone could have opened with a bobby pin!” said Dan.

“So, anyone who wanted to set up a suicide scene could have gone in, arranged it the way they wanted and then locked the door behind them!

“And the coroner apparently didn’t ask who else

knew the layout of the house.”

According to the coroner’s report, Robin “had enough drugs in his system to at least fall asleep,” added Dan.

“So the scenario of drugging him first would make sense because then you can manipulate him very easily, and place him in any position you want.”

Police outside Robin’s home

ROBIN CONDUCTED AN INTERNET SEARCH IN HIS FINAL HOURS

The actor had been diagnosed with Parkinson’s disease, and in his final 24 hours, he frantically began looking up drugs on the Internet. A post-mortem exam showed he had an undiagnosed case of dementia – a condition that could explain his bizarre behavior.

Dr. Richard Shepherd, a pathologist, said on the British TV series, “Autopsy,” that Robin’s online research suggested he knew “there was something else wrong with him ... something that he couldn’t put his finger on.”

The final photo: Robin at a gallery August 9

ROBIN DISPLAYED NO SUICIDAL TENDENCIES

Robin’s wife, Susan Schneider, told police that when he left their bedroom for the final time around 11:30 p.m. on Aug. 10, he seemed “excited” and had rummaged through the closet to retrieve his iPad.

Also, according to the sheriff’s report, at 6:53 p.m. on Aug. 10, Robin “called [name

redacted] and made plans to drop off his wrist watches for safekeeping ... He was reportedly worried about them and wanted to keep them safe.”

The “Mrs. Doubtfire” actor put his watches in a sock and “drove to the unnamed person’s house between 9 and 9:30 to drop off the watches,” the report said.

Those activities “don’t appear to be those of someone who is readying to commit suicide,” said Dan, 68, a licensed private investigator.

CORONER’S REPORT

Yesterday the subject reportedly became concerned about several of his wrist watches, which Mrs. Williams and [redacted] attributed to the typical signs of paranoia he had been displaying. The subject secured several watches in a sock and drove them to [redacted] house.

NO EVIDENCE OF TRAUMA

Even more shocking, the coroner’s report contained “little evidence” that the beloved star died a violent death, which would be expected with a hanging, Dan pointed out.

“Hanging oneself is a violent process with writhing, but there is little to show that occurred,” he said.

“The ligature marks are

not especially demonstrative, and there was little or no hemorrhaging.

“That suggests that he was asleep or incapacitated at the time that his oxygen supply was cut off.”

In conclusion, Dan said: “Was it murder? I think that has to be looked into.

“Could he have had an overdose?

“Possibly, but we don’t see any kind of results from the lab.

“I think the coroner’s office was a little quick to say that Robin hanged himself,

was on medication and was battling a major illness instead of doing a thorough job and seeing where the facts led them.” **NE**

63-year-old male with a history of [redacted] was found deceased secondary to an apparent hanging in a locked bedroom in his residence. The subject signs of rigor and lividity when found; therefore no resuscitative efforts were attempted. All medical history was initially supplied on scene by the subject’s spouse,

COPS' 3.5 MPH CHASE!

IT'S the most famous low-speed chase since the O.J. Simpson case!

The Washington State Police switchboard lit up like a Roman candle when folks spotted a state trooper pursuing an elderly woman on a handicap scooter – at 3.5 mph!

"You can't make this stuff up!" said Andrea Ruth, who taped the incident from her office.

The 85-year-old driver had hopped on her scooter and headed out for a cup of coffee one day in early June.

But she wound up four miles out of her way on Route 246 – a heavily traveled highway near the Canadian border.

That's when State Trooper Dave Hintz roared into action, and pulled her over.

A dashboard camera shows Trooper Dave and the unnamed Wheezy Rider

"There's no license plate. She's in a little cart," recalled the 24-year veteran, who quickly determined the driver wasn't a "Grandma of Anarchy."

"I just treated her the way I would've wanted somebody to treat my mom," he added.

After that, the pair started the long crawl

home, which took more than an hour!

"When he got her to her block, she told him she could take it from there," said Trooper Mark Francis, who said the woman didn't want her identity released.

Dave added: "Our motto with the State Patrol is service with humility. This particular case took a little more patience and humility." **NE**

MONSTER MARTHA!

Lovelorn Stewart's piling on the pounds

DOWN in the dumps over her empty love life, Martha Stewart has found comfort – with food!

The 73-year-old entrepreneur has packed on at least 50 pounds while pining for love, sources said.

As these photos obtained by The National ENQUIRER show, she was carrying an ample spare tire while biking in the Hamptons June 13!

"It looks like Martha has given up on finding love!" a source told The ENQUIRER.

The domestic diva – divorced since 1990 – ditched her last boyfriend, Microsoft magnate Charles Simonyi, eight years ago.

"Since then, friends and family have tried to set the desperate grandmother up on blind dates,

but she's never found a love connection," said the source.

Martha even held "auditions to find a man" in 2013 by setting up a profile on the popular dating site Match.com. At the time, she described herself as "athletic and toned."

Meanwhile, 5-foot-9 Martha, who once weighed a trim 140 pounds, now tips the scales at nearly 200 pounds, sources said.

Experts warn such excess fat can trigger chronic diseases, including diabetes.

Added the source: "At her age, Martha has to be careful. Otherwise, she could stroke out and go to her grave alone."

Jennie bounces back!

Depressed Garth's getting married ... and she's smiling **AGAIN!**

JUST a year after her emotional meltdown, Jennie Garth has turned her life around – with the love of an unemployed actor!

"She's engaged, is planning a late summer wedding and wants to have more children," an insider told The National ENQUIRER.

The new man in Jennie's life is Dave Abrams, who brightened the "90210" star's life by being around a lot more than ex-husband Peter Facinelli.

Dave's only role in four years has been a small part on an episode of "2 Broke Girls" – while Peter spent his marriage to Jennie starring in a TV series and the "Twilight" films. But Dave's lack of acting gigs is fine with Jennie, who's more interested in Dave working on adding to her family!

"She's keeping her wedding plans under wraps for now, but it will likely happen before the end of the summer," the insider said. "Then she ideally wants to have kids with her husband – but she's equally prepared to adopt!"

The 43-year-old beauty has three daughters – Luca, 17, Lola, 12, and Fiona, 8 – with

Peter. They split in 2013 after a marriage of nearly 13 years.

Dave proposed to Jennie this April – and the bride-to-be has hinted that their nuptials will be held in 2015.

"It's coming soon," the actress teased in a May interview.

As The ENQUIRER reported in 2014, Jennie's friends had been fearful over how she was still reeling from the breakup of her marriage to Peter. Jennie has admitted the breakup left her in a state of crippling depression, and her pals confirmed she was "in severe turmoil" while partying like a woman half her age.

It also didn't help that Peter had been settling into his new relationship with sexy "Thor" star Jaimie Alexander.

"But she's really come a long way," said the insider. "Jennie's on top of the world!" **NE**

DIRTIEST R

AND they're off!
The 2016 race for the White House is on – and The National ENQUIRER can reveal political operatives for front-runners Hillary Clinton and Jeb Bush have already been compiling secret “dirt files” on the opposition!

Democrat Hillary’s explosive dossier on Jeb includes sensational charges that the former Florida governor did drugs, hired hookers and cheated on his wife!

Meanwhile, The ENQUIRER has discovered that Jeb’s Republican team is prepared to resurrect every past Hillary scandal, along with brand-new ones that could torpedo her Oval Office dreams!

Our probe has also revealed that by Election Day, the two sides will have splashed out a combined \$500 million in a bid to smear each other’s reputation!

Top political investigator Robert Morrow told The ENQUIRER: “I have equal disdain for Hillary and Jeb. The fact is, the Bushes, and Jeb in particular, are every bit as criminal as the Clintons! This should be one hell of a dirty race!”

Hillary’s ‘dirt file’ on Jeb Cocaine & cheating scandals!

BACK in the ’80s, Jeb and his dad, then Vice President George H. W. Bush, were allegedly involved in the drug trade in Florida, according to the book, “Drugging America: A Trojan Horse.”

The book – by former federal agent Rodney Stich – claimed that cocaine deliveries were made to the Veep’s office in Washington, D.C., and drug lords provided prostitutes to both father and son!

That information came from undercover FBI agent Darlene Novinger who spoke to brothers Raymond and William Smatt, who were reportedly major drug smugglers.

Darlene said William told her “how he and his family, particularly he, furnished prostitutes to

Jeb Bush and George [Herbert Walker] Bush when they were in Miami, and of the use of cocaine by these individuals and George Bush’s staff in Washington, D.C.”

As proof, Darlene told Rodney that William opened his desk drawer, “showing me personal correspondence from the Vice President, his son [Jeb], photographs and checks.”

In an exclusive interview, author Rodney told The ENQUIRER: “I would suspect Hillary’s people would be going through my book with a fine-toothed comb in order to get the goods on Jeb.”

“It contains many highly explosive revelations that the Bushes never dreamed would see the light of day!”

Hillary’s camp also plans to rock 62-year-old Jeb’s world by exposing the sleazy cheating ►

RUNS, THEY'RE SET TO SPEND \$500 MILLION ON SMEAR CAMPAIGNS

PACE EVER!

Jeb's 'dirt file' on Hillary **Questionable favors & funny money!**

JEB'S mudslingers are already on the attack, sources said, bashing Hillary and her love rat husband, former President Bill, over their greedy grab for "funny money" and demands for fishy favors.

"The Clintons consider themselves above the law, and exploit their apparent Teflon quality, where scandal after scandal simply rolls off their backs," said a Bush insider.

"Both of them brazenly push the envelope in their personal and political dealings far beyond what is right and ethical."

Republican attack dogs expect to bolster their smear campaign with a new book that pulls back the curtain on the family's Clinton Foundation.

The book, "Clinton Cash: The Untold Story of How and Why Foreign Governments and Businesses Helped Make Bill and Hillary Rich," charges that foreign entities received favors from then Secretary of State

Hillary after they either made donations to the foundation or paid Bill exorbitant speaking fees.

One notable example, according to author Peter Schweizer, is a politician in India who gifted the foundation \$5 million – a number that amounted to nearly his entire net worth!

The politico, Amar Singh, later told the Times of India "the payment could have been made by someone else" on his behalf. His comment was taken as a veiled acknowledgement the donor's true identity was deliberately shielded, and Amar was simply a conduit for the cash.

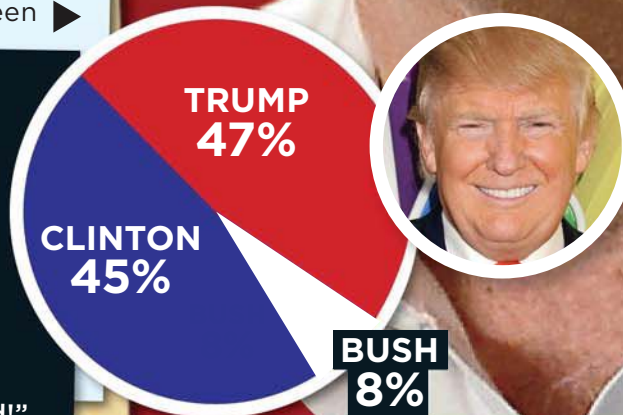

The book also hinted Bill and Hillary could have been ►

... BUT THE DONALD TRUMPS THEM BOTH!

Donald Trump is America's clear choice for president! That's the finding of an exclusive nationwide poll in which more than 500 of our readers voted for The Donald over Jeb Bush for the Republican presidential nomination. What's more, he'd beat Democratic front-runner Hillary Clinton in a head-to-head contest!

The bombastic billionaire announced his candidacy by declaring politicians "will never make America great again. They don't even have a chance!"

He's told bickering bigwigs in Washington: "You're fired!"

Hillary's 'dirt file' on Jeb

scandals that haunted him as Florida Governor, sources said.

Back in 2001, published reports linked Jeb to Playboy Bunny-turned-lawyer Cynthia Henderson. Jeb had appointed Cynthia to oversee the state's business regulations, but she soon drew a number of ethics complaints.

Despite that, Jeb refused to fire her, and simply moved her to a lower-profile government position.

Jeb blasted reports that he and Cynthia were ever an item as an "outright lie."

His wife, Columba, also reportedly confronted another alleged "other woman," Secretary of State Katherine Harris, at the Governor's mansion.

Katherine is famous for making the controversial decision to halt a recount in Palm Beach County, helping Jeb's brother, George W. Bush, win the White House over then Vice President Al Gore in 2000.

Hillary's team also plans to spotlight an embarrassing incident in 1999 when Columba was fined \$4,100 for falsely declaring \$500 worth of goods to U.S. Customs when she returned from Paris, where she actually made nearly \$20,000 in purchases!

Hillary's "dirt files" also focus on Jeb's three children, who are "all major screw-ups and have the police reports to back that up," added a family insider.

Daughter Noelle, now 37, was busted in January 2002 for alleged prescription fraud after she tried to buy the tranquilizer Xanax!

As for 31-year-old Jeb Jr., known as "Jebby," two security officers at the Tallahassee Mall found him parked in a Jeep Cherokee with an underage female in 2000. Both were naked from the waist down and engaged in a love-making session, according to a police report!

In 2005, then 21-year-old Jebby was arrested in Texas for public intoxication and resisting arrest.

And on Dec. 31, 1994, now 39-year-old George P. broke into the Miami home of an ex-girlfriend at 4 a.m., according to a Miami-Dade Police Department report.

He avoided arrest when she declined to press charges.

Jeb's 'dirt file' on Hillary

using the foundation's mountains of cash – it took in about \$2 billion from 2001 to 2014 – to line their own pockets, especially since the foundation spent \$70 million on travel alone between 2002 and 2013!

Said a Bush insider: "This book presents a mother lode of financial shenanigans! You can bet the Bush camp will scrutinize it, hoping it leads to a money trail of other questionable practices by the Clinton Foundation that it can use to hammer away at Hillary."

The Jeb team is also investigating dirt that's already been exposed by The ENQUIRER, including Hillary's hand in the cover-up of the mysterious shooting death of the couple's personal attorney, Vince Foster.

Vince's death on July 20, 1993, was determined to be a suicide, but under suspicious circumstances, since his fingerprints weren't on the gun and the bullet that killed him was never found!

"For two decades, investigators, authors and media figures have declared that Vince was murdered, and that he was Hillary's longtime lover," said a close source.

"If Hillary is incriminated in missing evidence in his death, it will stop her from becoming president."

Jeb's team will also certainly court Monica Lewinsky in hopes of unearthing any hushed-up details from Bill's "Zippergate" sex scandal, sources told The ENQUIRER.

"Having Monica on the Bush team would be a major coup, especially if they could get her to reveal sex secrets of Hillary's that Bill might have confided to her," divulged a source.

The GOP team also plans to focus on 67-year-old Hillary's medical history, most notably a brain cancer scare after she suffered a concussion due to a fainting spell in December 2012, as The ENQUIRER reported at the time.

Added the source: "Jeb's people will paint a picture that Hillary won't survive a term in the White House due to one secret health woe or another, while Jeb is as healthy as a horse."

CINDY BRADY'S GONE TO POT!

SUSAN Olsen – forever known as pigtailed innocent Cindy on the '70s sitcom "The Brady Bunch" – spent years growing and selling marijuana!

"I was, I guess, technically a drug dealer – but I was really a [marijuana] grower," said Susan, now 53 – adding that she cultivated the "green stuff" with one of her two ex-husbands.

Marijuana hasn't been Susan's only vice, though: The National ENQUIRER has exposed many of her scandalous secrets over the years – including a trip to a notorious NYC sex club, and the full story behind her bitter divorce from Mitchell Skelly, who claimed Susan was an alcoholic who abused her young son.

Just days after admitting her druggie past, Susan posted to Facebook a picture where she's in a greenhouse full of marijuana!

"Who knows if she's still growing and selling the stuff?" a pal told The ENQUIRER.

"At least now it's no longer illegal in California to smoke it – as long as you have a medical marijuana card!" **NE**

HARMON B

Haunted by the sudden heart attack of his fa

DETERMINED to avoid his late father's tragic fate, Mark Harmon could walk away from "NCIS," sources have told The National ENQUIRER.

The 63-year-old actor remains devastated by the heart attack that claimed his football hero dad, Tom, at age 70, insiders said.

After 12 seasons on the hit TV drama, Mark is now hinting he'll quit his \$700,000 an episode gig to spend more time with his wife, actress Pam Dawber, and their two sons.

"Financially, Mark is set

for life," said a source. "It isn't about the money for him. It's about the kind of life he wants for himself and his family."

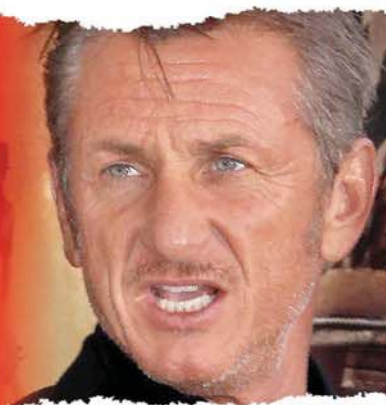

In a chilling scene in the "NCIS" season finale, a terrorist shot Mark's character, Special Agent Leroy Gibbs.

Asked whether his character died, Mark replied: "Anyone on the show is replaceable."

Despite Mark's killer work schedule, a top cardiologist told The ENQUIRER that Tom's death probably does not increase the odds of Mark succumbing to cardiac failure.

Charlize's mom rejoices as 'HOTHEAD' SEAN GETS THE BOOT

LISTEN to your mother, folks! Charlize Theron's mom, Gerda, made it clear she thought scruffy Sean Penn was all wrong for her blonde beauty. Now the "Monster" Oscar winner has finally tossed her monster fiancé to the curb.

"Gerda basically told Charlize he was bad news and she had to dump him," a family friend exclusively told The National ENQUIRER.

"Gerda believed the romance was doomed from day one."

As we revealed in February, Gerda warned her daughter that Sean, 54, was "a hothead!"

"At first, Sean lavished Charlize with romantic attention - and the sex was phenomenal," dished the insider.

But as time passed, Sean became more demanding and less attentive, sources said.

Charlize [with Gerda, left] dated Penn for less than two years

In recent months, Charlize began to spend more time with her mom and girlfriends than with Sean - and Gerda began to convince Charlize to break up with the volatile actor.

The Christian Dior spokesmodel, 39, was also battling Sean's kids from his marriage to Robin Wright.

Charlize was frustrated by

the coldness of his daughter, Dylan, 24, and son, Hopper, 21.

"Dylan and Hopper had it drummed into them that no one could replace their mom," an insider said.

Charlize gushed about Sean on the red carpet at Cannes in May, but close friends already suspected she was wrapping up the relationship.

"She finally came to her senses," a source told The ENQUIRER. "Charlize realized that her mother was right all along!" **NE**

ther, 'NCIS' star Mark mulls calling it a day

"When a male family member dies before 50 of a heart attack, you deem it worth investigating first-order relatives, but not at 70," explained New York cardiovascular specialist Dr. David Greuner.

But sources said that's of little consolation to Mark.

His father, a Heisman Trophy winner and World War II hero-turned-sports-caster, seemed the picture of health when his heart gave out in March 1990.

Just as devastating, his wife Pam's only sibling, Leslie, was born with a heart defect, and died during open heart surgery at age 22 in 1976.

Pam has said: "When a tragedy happens that big, you have to reassess your life."

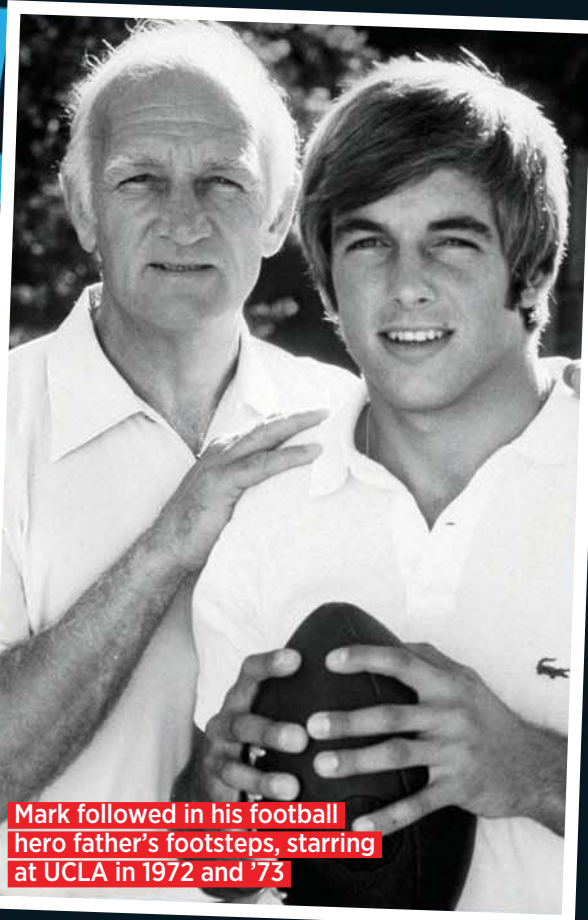

She went on to fame in the classic sitcom "Mork & Mindy," and also portrayed a photographer on "My Sister Sam."

Tragically, her co-star, Rebecca Schaeffer, was murdered in 1989 by a crazed stalker.

More recently, Pam and Mark were shattered by the suicide of her "Mork & Mindy" co-star, Robin Williams, last August, insiders said.

As for "NCIS," the source added: "Mark has about a month to decide whether he's coming back. Right now, he's leaning towards quitting."

"He'd be the first to tell you his biggest starring role is as a family man." **NE**

KOURTNEY AND SCOTT living sad, separate lives!

KOURTNEY Kardashian and baby daddy Scott Disick are together only when there's a camera nearby, insiders told *The ENQUIRER*.

"Kourt's fed up with Scott's drinking problem, and he has no interest in fixing it," said a source. "She told him he can live in the house as long as they're filming, but once they wrap, it's time for him to go."

Kourtney also feels Scott sets a bad example for their kids, Mason, 5, Penelope, 2, and Reign, 6 months, the insider added.

The reason they're still together? Momager Kris Jenner's business plan! "Everyone knows Scott is good for ratings," said the source. "That's why Kris wants him to stick around!"

Emma and Evan: 'LET'S JUST BE FRIENDS!'

EMMA Roberts and fiancé Evan Peters hit the end of the road last month, but they've been headed in different directions for months!

"Because of their hectic schedules, they hardly saw each other and drifted apart," revealed a source.

Emma, the 24-year-old daughter of actor Eric Roberts and niece of Julia, started dating Evan when they co-starred on TV's "American Horror Story."

They dated for three years, and made headlines when Emma was arrested in July 2013 after a hotel room brawl in Canada left Evan with a bloody nose.

"They've been fighting, and neither one wanted their arguments to get to the point where things were out of control again," said the insider.

"They want to stay friends, so they think it's best they move on."

ELLEN AND PORTIA WANT A BABY TO SAVE THEIR MARRIAGE!

Ellen with Portia and her niece

DURING a romantic getaway, Ellen DeGeneres and Portia de Rossi dropped talk of a \$220 million divorce – to make plans for a baby!

"They needed time away to discuss how to save their relationship – and decided it could be a baby!" gushed a source.

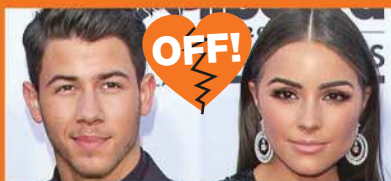

Ellen, 57, and Portia, 42, have battled over everything from Portia's drinking to Ellen's nonstop

work schedule. But while they agreed on a baby, the quarreling couple is even arguing about how to make it happen!

"Ellen wants to adopt a child, while Portia has her heart set on surrogacy," said an insider.

So they've decided to go for BOTH! "They just want to start a family and see where it takes them!" added the source.

front of the bullets intended for Susie. Tragically, they both died.

Meanwhile, Tywanza's mother, Felicia, and her granddaughter played dead by lying motionless amid pooling blood on the floor.

"He shot the young man [Tywanza] and his mother was there - she witnessed [it]," said Rev. Pinckney's cousin, Sylvia Johnson.

"She watched her son fall and lay there, and she laid there in his blood."

Roof told one survivor "she was going to live so that she can tell the story of what happened," said a local councilman.

Eight victims were dead at the scene. The ninth passed away at a hospital. Three people survived the unholy bloodbath.

Roof fled the scene in his black Hyundai. An eagle-eyed florist, identified as Debbie Dills, spotted him the next morning some 245 miles northwest.

Debbie tailed Roof's vehicle for about 30 miles until police in Shelby, N.C., were able to apprehend him without incident.

- DOUGLAS MONTERO

JOEY Meek had a front row seat to the seething rage.

In the weeks before unholy carnage left nine dead in a Charleston, S.C., church, Meek reconnected with his old friend, Dylann Roof, who revealed his grisly ambition: He intended to start a race war with one bloody outburst.

Roof, 21, had quit his job, and was whooping it up with lap dances from strippers, bragging of "something big" about to happen.

"At some point Dylann got real drunk, looked at me and said, 'I'm planning something big, like the Trayvon Martin case. I've been planning it for six months now,'" Meek told The National ENQUIRER in a bombshell world exclusive interview.

"He told me, 'The white race is under attack by the black race, and no one from the white race is brave enough to do anything about it. I'm going to be the one to start the race war. I'll be the one who's brave enough to do what needs to be done!'"

Terrified that his buddy was going over the edge, Meek took Roof's .45 caliber handgun and hid it from him.

Joey Meek met up with Roof weeks before the shooting, and took the killer's gun away

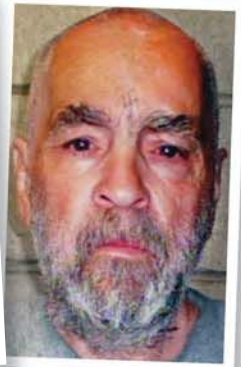

But Meek, who is on probation, returned the weapon at the urging of his girlfriend, who warned him that keeping it could land him in trouble.

Tragically, that move led to the biggest massacre in South Carolina state history, another in a long line of bloody American mass murders.

Now unemployed, Meek, 21, and his girlfriend, Lindsey Fry, admit they feel guilty because "we could have done something and prevented this whole thing."

'HITLER & CHARLES MANSON WERE

REAL WARRIORS'

I'm the devil!"

With those awful words, crazed gunman Dylann Roof poured out his pent-up rage in a chilling secret diary kept on a computer, a top government source told The National ENQUIRER.

While the 21-year-old hater has reportedly confessed his role in the church massacre, the source said it's expected his twisted journals will help at trial, showing premeditation as prosecutors consider invoking the death penalty.

"Roof clearly wanted to explode a race war," the law enforcement source told The ENQUIRER.

"The diary is filled with his murderous plans, and desire to take part in a 'Helter Skelter'-type revolution against black people!"

"In one sick entry, he writes, 'I'm the devil!' and 'kill, kill, kill.' It is disgusting, horrible stuff."

High school dropout Roof also listed links to Internet chat rooms and websites appealing to white supremacist groups, the Ku Klux Klan and various Aryan Nations offshoots, the source said.

"He writes 'I like' Nazi dictator Adolf Hitler and also Charles Manson - calling them 'real warriors in the fight,'" the source added.

The diary also refers to finding 'the right places to unleash hell,'

and Roof's plans to make his way north to either New York City or Washington, D.C.

Said the source: "It's clear that he believed after the Charleston shootings 'a race war will definitely break out,' and move up the East Coast."

"In his fantasy, Roof believed places like New York City would explode in a war between whites and blacks. He was absolutely mad."

"He also believed his rampage would spur copycat killers to go into malls and main streets and 'go crazy.'"

"He even believed the killings would spread from the United States to other countries, and start a global race war. He truly wanted an apocalypse to happen."

Another published report said Roof claimed to be "part of a 'White Terrorist' plot," and predicted "more mass murders may be imminent."

But said the government source: "In his twisted mind, Roof may have thought he was part of a larger conspiracy. But in reality it appears he was just a deranged loner."

**ROOF'S
SECRET
DIARY OF
HATE**

UNTIL JUST WEEKS before the June 17 slaughter, Meek said, he hadn't seen Roof since his pal dropped out of ninth grade.

They reconnected on Facebook, where Roof posted photos of himself with the apartheid-era flags of South Africa and white-ruled Rhodesia. Roof had just quit a job on the landscaping team of Clark's Termite & Pest Control in nearby Irmo, blaming the brutal South Carolina heat, Meek said.

The two were soon spending hours together at Meek's yellow trailer at the end of a dusty road in Lexington, playing the violent video game, "Call of Duty: Black Ops."

"I would ask Dylann how he was doing, and

he'd say, 'I'm miserable,' or, 'I'm terrible,'" Meek told The ENQUIRER.

"But when he talked about a race war, I didn't take it seriously. That's the moral of my story: If someone says things like that, tell someone."

Roof was also very bitter about growing up in a dysfunctional family, Meek revealed.

Divorce documents obtained by The ENQUIRER show his parents, Franklin Bennett Roof [right] and Amelia "Amy" Cowles Roof, married in Feb. 1988 and separated in 1990. They were divorced when Dylann was born in 1994.

In 1998, his father married Paige Mann, who sources said was the closest thing Roof had to a mother. But during a nasty divorce, Paige accused Roof's father of viciously beating her.

According to Meek, Roof also resented his half-sister, 15-year-old Morgan.

"He said he wished his little sister wasn't the center of his parents' focus. He wanted them to focus on him," Meek told The ENQUIRER.

MEANWHILE, ROOF began a downward spiral, ranting about protesters burning the American flag, and getting the word "dagger" tattooed on his neck, Meek said.

Dylann's father, Franklin Roof

Lisa Mauceri/DailyMail.com/Solo Syndication

"He used to Google black-on-white crime and read all these stories in the news," Meek said.

Another pal, Dalton Tyler, said Roof began talking about starting "a civil war." He also recalled that the two were driving when Roof spotted a black woman, and said, "I'll shoot your ass." Fortunately, the two drove on without incident.

Roof didn't date, and started getting

CHURCH MASSACRE

lap dances at the Platinum Plus strip club in downtown Columbia.

A club employee told The ENQUIRER that Roof had been there at least three times over the past month, and "would stare vacantly" at the dancers on stage.

"It's scary," one of the frightened dancers told The ENQUIRER. "You're chatting up a guy, and he could be planning to kill you in the parking lot."

ROOF SOMETIMES stayed at his father's home, but on the day of the massacre, Meek found him sleeping with a pillow in the front seat of his now infamous black Hyundai.

"I tried to get him to come with us to a lake that day, but he didn't like the outdoors and wanted to see a movie instead," said Meek.

Roof caught a \$5.50 matinee of the ultra-violent dinosaur blockbuster, "Jurassic World," at a local AMC theater, said Meek's 15-year-old brother, Jacob.

Meek, who was one of the first to call authorities after recognizing Roof in a surveillance photo from the church, told The ENQUIRER: "He was supposed to come back that night, but we never saw him again."

- MICHAEL JACCARINO IN CHARLESTON, S.C.

HE TOOK THE SAME DRUG COCKTAIL AS MASS KILLERS

POWERFUL anti-addiction drugs could have triggered Dylann Roof's deranged shooting spree, a top medical expert told The National ENQUIRER.

The 21-year-old was reportedly taking Suboxone, a narcotic used to treat opiate addiction that's been linked with sudden outbursts of violence.

"There's no question he had an underlying psychiatric condition in which there was a breakdown in his ability to reason right from wrong," Dr. Stuart Fischer, who has not treated Roof, told The ENQUIRER.

"But the powerful medication he was apparently prescribed could have helped trigger this."

Police questioned Roof earlier this year for acting suspicious at a mall. Cops found "orange strips" in his possession that Roof said was Suboxone.

Adam Lanza

Eric Harris

James Holmes

In addition to Suboxone, Roof has reportedly also used cocaine, LSD and methamphetamine.

Several mass murderers were taking some form of an antidepressant or other pharmaceutical drug at the time of their attack, including Columbine killer Eric Harris, "Dark Knight" shooter James Holmes and Sandy Hook gunman Adam Lanza.

Dr. Fischer told The ENQUIRER: "Aggressive behavior can be a side effect of Suboxone. If it were to happen, it would be 'early in the game' after being prescribed." **NE**

Stamos told to get help after DUI bust

ACTOR Bob Saget is begging his “Full House” co-star and best pal John Stamos to go to rehab, The National ENQUIRER has learned.

Bob confronted John after the 51-year-old hunk was busted for DUI in Beverly Hills on June 12, sources revealed.

“Bob’s been John’s go-to guy for advice, and he’s been trying to get John to get help for quite some time,” said a friend.

On the night of John’s arrest, the two were reportedly set to meet to discuss their roles in the upcoming “Full House” spin-off on Netflix, “Fuller House,” which John is producing.

“Bob told John he doesn’t want to see him flush his life and career down the toilet,” the pal said.

John was taken to nearby Cedars-Sinai Medical Center for an unknown medical condition after cops pulled him over for driving erratically. Hospital staff and police determined John had been driving under the influence, and he was hauled off to jail. He’s set to appear in court on Sept. 11.

John has remained close to Bob, 59, since the show ended its eight-year run in 1995. On the series, Bob played a widowed dad, while John starred as his brother-in-law.

“Bob still gives John brotherly advice, just as he did on the show,” added the friend. “John is considering Bob’s words, and is looking to check into rehab.”

Johnny Depp ordered
to clean up his act by
‘Pirates’ producers

NO MORE bottles of rum for Captain Jack Sparrow!

Boozing superstar Johnny Depp has been banned from alcohol and drugs as the budget for the new “Pirates of the Caribbean” film spirals out of control!

“Disney execs are tired of Johnny’s shenanigans,” an insider told The National ENQUIRER.

“They’ve told him in no uncertain terms that he needs to clean up his act and concentrate on making the movie!”

Johnny got the bad news after desperate Disney executives decided to stage an intervention.

“He had a big sit-down with the head of Disney Pictures, as well as producer Jerry Bruckheimer, his agents and a few close friends,” said the insider.

“Basically, they told Johnny he had to get his act together.

“The movie is millions over budget and behind schedule. It’s becoming a fiasco!”

The Disney franchise’s latest installment was first put on hold after Johnny

suffered an unexplained hand injury while filming in Australia.

Production on “Pirates of the Caribbean: Dead Men Tell No Tales” – the fifth movie in the series – had to be halted until April 15.

Johnny then reportedly fled the country after officials learned he’d illegally brought his two Yorkshire Terriers into Australia – a crime that could have him facing 10 years in prison.

Now the troubled star is determined to beat his addictions and fix up his problems with bisexual bride Amber Heard!

“Johnny’s even hired a sober coach/companion,” revealed the source.

“That worked really well for him about four years ago – until he decided to start smoking pot and drinking again!”

For now, reports from the “Pirates” set are promising calmer seas.

“Johnny apologized to the crew and producers when he finally got back to Australia from L.A.,” an on-set spy told The ENQUIRER.

“He’ll be visiting some children’s hospitals shortly as Captain Jack, too – so we’ll see if he can stay afloat!” **NE**

LA TOYA'S NOSE MELTS AWAY!

JUST LIKE HER WACKO BRO!

NOW

THEN

THE Jackson family obsession with plastic surgery has claimed another victim!

La Toya Jackson's nose appears to be falling off her face, and one expert warns she'll soon be a "nasal cripple!"

Recent pictures of the 59-year-old reality TV star and onetime Playboy model show her nostrils seem to be almost completely closed.

"La Toya's nose has collapsed, just like her brother Michael's did," an insider told The National ENQUIRER.

"La Toya is in denial over how she's butchered her once-beautiful face and body," said the source. "She already has breathing problems, but she's quick to blame them on allergies or poor air quality."

The plastic surgery-obsessed King of Pop, who passed away at age 50, had so many procedures on his nose that he couldn't breathe properly.

His nose had to be completely rebuilt - a fate that likely awaits La Toya, according to medical experts.

Board-certified plastic sur-

geon Dr. Otto Placik believes La Toya's deformed nose is likely due to "multiple operations," and "an aggressive reduction" that removed "most structural elements."

Her nose has also defied gravity, unlike most natural noses that fall with age, he said, adding, "the reduced width of her chin is also likely attributable to surgical intervention."

Dr. Steven Dayan, also a board-certified plastic surgeon, warned that if La Toya "isn't already suffering from breathing difficulties, she's headed for a life as a

Bullied Blanket forced to change his name!

BYE-BYE, Blanket! Hello, Bigi! Tormented by years of bullying, Prince Michael "Blanket" Jackson II has shed the oddball nickname his famous dad gave him, The National ENQUIRER has learned.

Blanket is now Bigi - and we discovered the 13-year-old's swap by obtaining the seventh grade yearbook from prestigious Buckley School in Sherman Oaks, Calif.

"He always thought that the name Blanket sounded so stupid, and resented his father for calling him that," an insider dished to The ENQUIRER. "Growing up, his schoolmates have always been mean to him ... going by Blanket made him a much easier target for ridicule.

Since Michael's death in 2009, Bigi, his 18-year-old brother, Prince, and sister, Paris, 17, have been under the conservatorship of their grandmother, Katherine Jackson, 85, and cousin T.J. Jackson.

"Bigi is definitely the opposite of Paris and Prince. He's more on the quiet side," added the source.

According to Dr. Lyle M. Back, La Toya may now face even more surgery to restore her ability to breathe.

"Ironically, this would actually involve rebuilding her nose back up!" he said.

"The whole Jackson family remains heartbroken at the tragedy that Michael turned into. Now La Toya is repeating history."

Enquiring minds want to know

Miley's lust resort!

TOO RUDE!

MILEY Cyrus can't keep her clothes on - and now she's starting a "nudist commune" to get Americans more comfortable about nakedness.

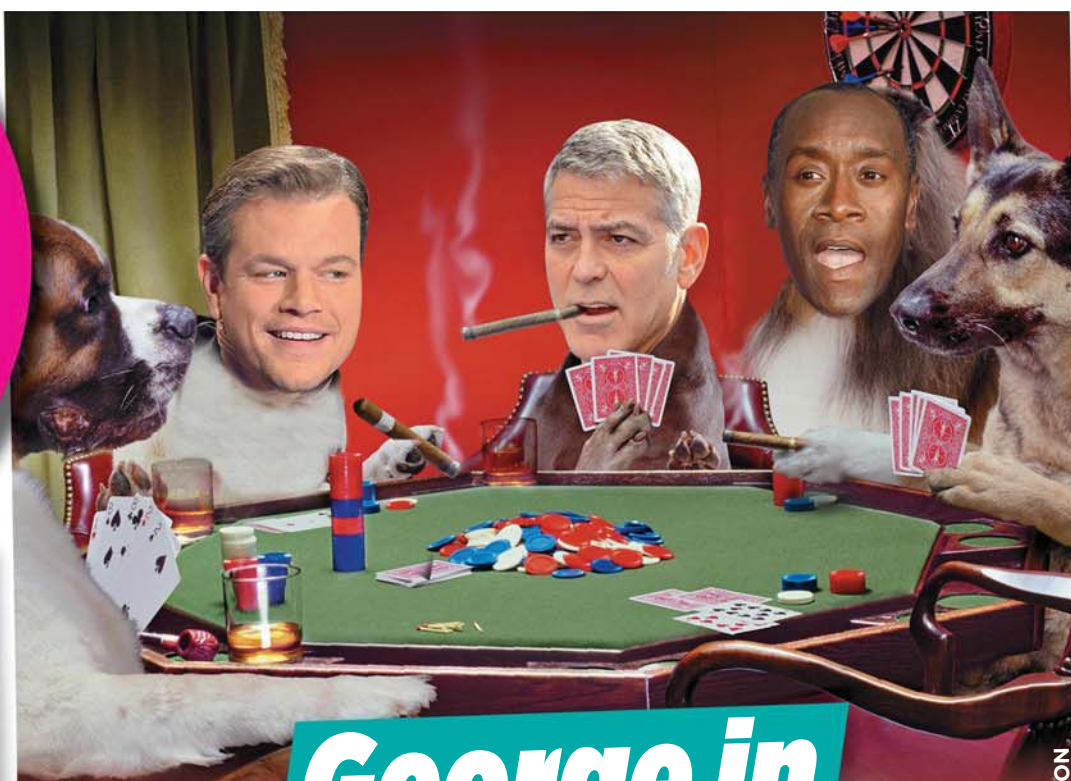

"I think it's really a shame that people still think nudity is so taboo," she told a friend.

"So I'm going to buy some land and make it a nudist colony for my friends!"

Miley, who added that Madonna is already interested in visiting, said she wants society to lighten up about going naked.

"I don't even care if any pictures get leaked," the pop tart told her pal.

"The whole point is to change attitudes!"

George in the doghouse!

PHOTO RECREATION

CANCEL your poker plans with George Clooney!

His irritated bride, Amal, has put the kibosh on all-night gambling. An insider told All The Buzz the high-falutin' lady lawyer has banned card games when she's in L.A.!

"Staying up playing cards, smoking and drinking until five or six in the morning isn't Amal's idea of fun," said the pal.

"When she's traveled to see him, she doesn't appreciate George ditching her for a game that takes him out of

action for nearly two days!"

Even worse, George stinks at poker - which is just fine with poker-loving pals Don Cheadle, Matt Damon and director Steven Soderbergh!

"George is more there for the social side of the game than to win," dished the insider.

"He's the first to admit he's bad at poker, but he loves the game. He loves his wife more, though!"

Poker nights are now off when Amal's around, with George telling the gang that "a divorce costs more than losing another game of poker!"

CHANGING FACE OF FAME: ROSEANNE

"JUST be fat and shut up about it!"

That feisty attitude made Roseanne Barr a sitcom star in 1988. But it wasn't long before she invested in plastic surgery and a gastric band operation.

But at least Roseanne let the gray shine for a while while becoming glamorous - and she's looking naturally fit and fabulous at 62 years old!

Bruce's \$8M blow!

IT'S half off the old home-
stead for "Die Hard" stud
Bruce Willis, as he tries to
unload his Idaho ranch! Bruce
priced the 20-acre lakefront
spread at \$15 million back in
2012. Now it's yours for a rock
bottom \$7,050,000!

The estate's main house
boasts six bedrooms, five

fireplaces, a chef's kitchen
and a 2,200-square-foot
master suite.

Hilaria Baldwin's nanny hysterics

NEW mom Hilaria Baldwin will have to
work twice as hard to hide the hired
help!

"Alec's wife wants to look like a supermom,
and always tries to keep us from shooting
pics of her and baby Carmen with the nan-
ny in the same shot," laughed a Big Apple
shutterbug.

"Sometimes she grabs Carmen from the
nanny's arms and sends her out of frame!"

But now that Hilaria's given birth to Alec's
son, Rafael, she'll have to work overtime to
look like a full-time mom!

The source said: "At least two nannies will
be able to talk to each other while Hilaria pre-
tends they don't exist!"

NOW SMELL THIS!

SOME foods taste great, but make you smell bad. Amino acids in beef leave a residue in your intestines that mixes with bacteria when you sweat, resulting in body odor. The body treats alcohol as a toxin, too, and some will be released through your breath and sweat. Broccoli has sulfur that turns into body odor. Balance things out with foods like citrus, cinnamon, yogurt and jasmine tea.

SIMPLE TEST FOR ALZHEIMER'S

ALMOST five million Americans are afflicted with Alzheimer's. Early detection is key for getting the best treatment, and now a simple at-home test can help spot the symptoms. It's called the SAGE test – or the Self-Administered Gerocognitive Exam – and a new study shows it's extremely effective. More than 1,000 patients took the 15-minute question-and-answer test over the span of five years, and nearly 30 percent showed early signs of cognitive problems. The free test is available on Ohio State University's Wexner Medical Center website.

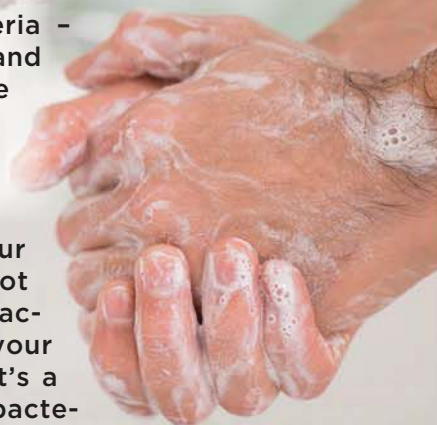

Build muscle AND save your bones!

THE leading cause of injury in the elderly is a fall, according to the U.S. Centers for Disease Control and Prevention – with one in three adults over 65 falling each year. But senior women who work out regularly can reduce their risk of taking a tumble. Resistance training increases muscle mass and improves strength and endurance, which makes falling less likely. In a recent study, 149 women in their 70s who exercised three times a week over a year were 62 percent less likely to be injured in falls than peers who didn't work out. Even low-impact workouts are helpful to keep seniors steady!

BLOW AWAY BACTERIA!

THE B-word – bacteria – brings infection and causes colds, the flu and other common ailments. But there are strategies to head off infection. First, keep washing your hands! They pick up a lot of things, including bacteria. Next, replace your toothbrush regularly. It's a breeding ground for bacteria. Clean your bathtub at least once a week. Old skin cells settle on the bottom. Use a fresh sponge in the kitchen. If you cleaned the counters and dishes with your sponge, it's loaded with germs! Finally, take vitamin C consistently to boost your immune system.

BUTTER'S BIG COMEBACK!

MUCH maligned as a cause of high cholesterol and obesity, butter is getting better reviews these days. "Saturated fat can increase your triglycerides, and that has an association with heart disease," said cardiologist Dr. Daniel Yadegar. But a recent study from England's University of Cambridge showed that butter and saturated fats do NOT bring additional cardiovascular risk. Butter is actually rich in vitamins and important fatty acids. Dr. Yadegar still emphasizes moderation, plus a balanced diet of fruits, vegetables, whole grains and fish.

BEAT THE HEAT!

EVERYBODY wants to shape up for summer, but be careful working out in extremely warm weather! Follow these tips to avoid heat stroke, exhaustion and cramps: Place a wet towel or ice pack on your forehead, neck and underarms for immediate cooldown. Avoid dehydration with plenty of fluids. Work out in the late afternoon or morning when the sun and temperature are least extreme. If you experience nausea, fatigue, lightheadedness or cramps, your body temperature is too high!

SAVE YOUR SKIN!

Get some protection from summer sun damage

‘Australians – it’s par for the course. I don’t remember being stopped and someone saying, ‘Are you boys wearing sunscreen?’ until I was around 15, 16.’

Hugh Jackman

HUGH Jackman said his Down Under upbringing probably led to his first bout with a basal cell carcinoma.

When he discovered a bleeding patch on his nose in 2013, the “Wolverine” star had it checked – and ended up being diagnosed with four skin cancers within 18 months!

“The beauty of this is it’s all preventable,” he said – so pay attention to these tips for summer skin protection.

1 COVER UP!

Apply plenty of sunscreen to all exposed areas. Wear a hat, don’t go shirtless for long and wear sunglasses to protect your eyes and face. Be extra cautious between 10 a.m. and 4 p.m. – when the sun’s rays are most direct and UV rays are strongest. Those rays can penetrate most fabrics!

2 READ THE SIGNS

Skin cancers often appear on the head, neck and arms as reddish patches or bumps. Squamous cell carcinomas appear as lumps, growths and open sores – and may bleed. A solar keratosis is a pink-red or flesh-colored scaly spot that sometimes develops into a squamous cell cancer.

3 KNOW YOURSELF!

Get familiar with the moles, blemishes, freckles or other marks that are already on your body. Then use both a standing mirror and a hand mirror to regularly check for changes. Women should lift their breasts to check the skin underneath, and everyone should carefully examine their scalp.

4 KNOW YOUR ABCDE'S

Both sides of a mole should match for “Asymmetry.” “Borders” of melanoma are notched, ragged or irregular. Bad “Colors” include advanced dark shades or patches of pink, red or white. Melanomas usually have a “Diameter” of a quarter inch or more. If a mole is “Evolving,” see a doctor.

ENQUIRER
HOW TO...

BE RICHER THIS TIME NEXT YEAR!

YOU can put more money in your pocket – and be richer in 12 months' time by following these easy tips from The National ENQUIRER.

■ CLEAN HOUSE AND MAKE MONEY

Pull out clothes you no longer wear and stuff that's cluttering your closets and basement. Instead of throwing it all away, tap the power of the Internet! Use sites like eBay and Craigslist to unload unwanted items, and replace them with stacks of cash.

■ CUT COSTS

Not everything you pay for regularly is worth the money! Do you watch ALL those cable channels? How often do you

actually GO to the gym? Is a cheaper cellphone package available? Eliminating expenses will give you more cash for savings or investments.

■ LEAVE YOUR CREDIT CARDS AT HOME

When you're limited to paying with cash, you're far more conscious of how much you spend. Having a credit card in hand seduces you into spending more than you actually have. Save the plastic for when you need it.

You'll get the added benefit of lower outstanding balances that will improve your credit rating.

■ 'FRIEND' YOUR FAVORITE COMPANIES

Write fan letters to companies whose products you use, and you'll likely get free gifts, discounts, coupons or preferred treatment. It's worth the price of a stamp!

■ SCHEDULE 'SAVINGS WEEKS'

Set aside a week every month or every other month when you consciously do NOT spend on frivolous activities. Skip the movies, eating out and bowling. Calculate how much money you would have spent on those activities, and put that amount in the bank.

■ MAKE 'CHANGE'

At the end of the day, set aside all your loose change. Then deposit it in your bank account at the end of the week. You'll be surprised how quickly it adds up!

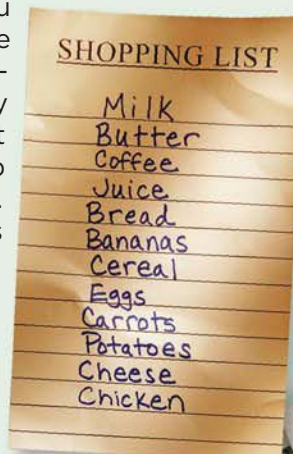

■ PUT MORE MONEY IN YOUR 401K

This is fast, easy, painless AND effective! Increase your contribution by one to three percent of your paycheck – whatever feels comfortable. Since the

money will be deducted directly, you don't have to do a thing. Even better? The contribution is tax deductible!

■ SHOP WITH A GROCERY LIST

This will help you avoid impulse buys, and spending extra money on stuff you don't need. Also, shop smart in general. Follow the sales cycles at your favorite stores, read ads and clip coupons – and you'll spend about a third less on food!

■ PAY YOURSELF FIRST

You can't waste money if you don't have it in your hands! Put away five percent of your monthly income with every paycheck. Ask your employer to set up a di-

SIMPLE STRATEGIES TO PUT \$\$\$ IN YOUR BANK ACCOUNT

rect deposit to a separate savings account or a tax-advantaged IRA.

■ DROP COLLISION COVERAGE ON YOUR OLD CAR

If your vehicle is more than five years old, you're probably paying more to insure it than it's worth if it's totaled. Get the basic coverage, and you might be able to afford a car that's actually worth the money you're spending. **NE**

CRYPTOGRAM QUOTES

FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

SUGARLESS GUM WARNING

We heard sugar-free gum is really toxic to dogs. Is it true? Yes, some are extremely poisonous to dogs. The toxic ingredient is xylitol, a sugar

alcohol used as a sweetener in products like sugarless gum, mints and toothpaste.

Even small amounts of xylitol stimulate insulin secretion from the dog's pancreas, resulting in dangerously low blood sugar.

Larger amounts can lead to liver failure. One or two pieces can be toxic to a 30-pound dog. [So far, there are no reports of toxicity in cats.]

Signs of poisoning include

vomiting, weakness, trembling and seizures. If you have a high suspicion your dog recently ingested xylitol, vomiting should be induced. The easiest way is to give several teaspoons of hydrogen peroxide by mouth – and then call your vet or veterinary ER clinic immediately.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.
